

# TRAFALGAR PC 1000H SWIVIL PADDOCK CLEANER

WITH 360 DEGREE SWIVELING CHASSIS FOR FULL ROTATIONAL POO PICKING

**The PC 1000H Swivel Large is the largest machine of our range, now fitted on a turntable chassis, combining our largest capacity machine, with our most manoeuvrable.**

Identical to the PC 1000 Large in features, the PC 1000H Swivel Large is fitted on a 360° turntable chassis and is for customers with more animals and larger paddocks and yard areas. Now with new clean fan system, and wider tougher terrain wheels for this lightweight yet rugged construction that allows the machine to be easily pulled around the yard or paddock, or can be towed behind to most ATV's, ride-on mowers and compact tractors.

### Features include

- Simple to operate, the petrol engine creates a vacuum in the large container to offer a powerful suction through the 5" pick-up hose
- The lightweight but rugged construction allows the machine to be easily pulled around the yard or paddock
- The Paddock Cleaner can be towed behind to most ATV, ride-on mowers and compact tractors
- It performs in any conditions, wet or dry
- Powered by a quiet and economical Honda petrol engine. The four stroke engine eliminates mixing two stroke fuel.
- The clean fan system means no muck passes through the fan
- The advantages of this design are less chance of blockage, easy to clean, reduced maintenance and wear
- You will also find that The Paddock Cleaner has many other uses around the estate. For example, collecting leaves litter and cleaning water trough
