

PC 100B BATTERY BARROW PADDOCK CLEANER

Attention all paddock and yard owners! Are you tired of spending hours manually cleaning up after your horses, alpacas, llamas, or poultry? Say hello to the NEW PC 100B Battery Barrow Paddock Cleaner, the newest addition to our range of paddock cleaners!

The PC 100B Battery Barrow Electric is powered by 2 36v batteries 7.5Ah giving a continuous run time of 40 minutes. The batteries are easily removable and is supplied with a separate charger.

This makes the PC 100B the perfect solution for those who want a greener solution to clean around their paddock or yard without the need for an ATV. This lightweight and rugged barrow frame construction can be easily pushed and pulled just like a wheelbarrow. Say goodbye to all that manual labour and hello to more time spent with your beloved animals.

With wider and tougher terrain wheels, and a new and improved fan system, the PC 100B Battery Barrow is perfect for horse and alpaca paddocks and yards. Plus, the clean fan system design means no muck passes through the fan, reducing the chance of blockages and making cleaning a breeze.

And there's more! The PC 100B Barrow operates exactly the same as all our other paddock cleaners, just without the need for an ATV. Powered by 2 36v 7.5Ah batteries, you won't have to worry about fuel. And the advantages of the clean fan system design mean less chance of any blockages, easy cleaning, reduced maintenance, and wear.

But it's not just for animal owners! The PC 100B Barrow has many other uses around the estate, such as collecting leaves, litter, and cleaning water troughs. No matter the job, the PC 100B Barrow Paddock Cleaner is up to the task.

Join the many satisfied users of our paddock cleaners, including equestrian centers, alpaca and llama owners, poultry and game rearing farms and estates, wildlife parks and zoos, race courses, clay pigeon shoots, and estate maintenance. Don't waste any more time or effort cleaning up after your animals or maintaining your estate by hand. Get yourself a PC 100B Barrow Paddock Cleaner today and make your life easier!

Solely powered by batteries for zero emissions!

Go green with our Battery Powered Paddock Cleaners! Our state-of-the-art 36v 7.5Ah batteries power the machine for a full 40 minutes of constant use. Say goodbye to fuel and hello to zero emissions! Keep your paddocks clean while keeping the environment clean with our electric powered paddock cleaner.

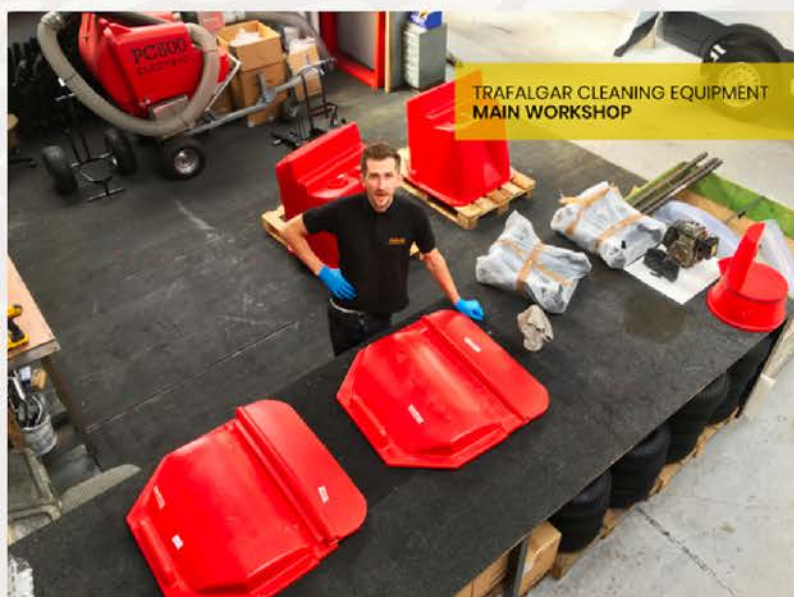

The typical user for our Paddock Cleaners includes but not exclusive to;

Our Paddock Cleaners are widely used by a variety of customers, including equestrian centers of all types (from one horse owners to livery and stud yards, riding schools, etc.), alpaca and llama owners throughout the UK, poultry and game rearing farms and estates, wildlife parks and zoos, race courses, clay pigeon shoots for collecting spent clays and cartridges, and estate maintenance tasks such as emptying water troughs, cleaning gravel paths, and clearing away leaves.
